A MUST HAVE FOR EVERY TOOLBOX

The WINBAG® MINI is a powerful hand operated inflatable air cushion made of fiber reinforced material that will save you countless hours on the jobsite. It is designed to provide a maximum pressure of up to 70kg and can be used in conjunction with shims and wedges in a wide variety of applications.

The WINBAG® MINI gives the user infinite adjusting possibilities; save time installing windows, positioning doors and leveling furniture, kitchen cabinets and household appliances just to name a few practical uses.

SAVE TIME

When you use WINBAG® MINI, installation is done quickly. One man can easily do the job alone even with large projects.

70KG

Each WINBAG® MINI is a strong well tested product with a load capacity of up to 70kg for each WINBAG® MINI.

SCRATCHES

The WINBAG® MINI is a soft air cushion which doesn't leave marks and protects the project.

2MM - 40MM

The WINBAG® MINI can be used for joints from 2MM - 40MM. The effective pump lets the air do the job.

EMPTY JOINTS

Window Installation with the WINBAG® MINI leaves joints empty and ready for sealing.

SHIMS

The WINBAG® MINI is a great complimentary tool to use with shims. They are durable and reusable.

TECHNICAL DATA

Joint Width: 2mm - 40mm • 3/32" - 1 5/8"

Material: Fiber Reinforced Material

WINBAG® is a Registered Trademark

CAUTION The WINBAG® MINI should always be considered a supplementary tool, and normal precautions in the work environment should be followed. The WINBAG® MINI is capable of producing powerful pressure between it and its surroundings and caution should therefore be exerted when inflating and deflating. The pressure in the pillow element will slowly decrease during use, and it is also possible to puncture the WINBAG® MINI with sharp objects such as screws and drills during use. Therefore, make sure that parts being held in place or separated by the WINBAG® MINI are firmly secured by other means. Use care when inflating and deflating WINBAG® MINI and make sure that no body parts such as fingers or toes are between the WINBAG® MINI and its surroundings and / or between the parts being held in place. The WINBAG® MINI may only be operated by hand using the rubber hand pump. Never use pneumatics on the WINBAG® MINI and never tamper with or modify the state of which the WINBAG® MINI was originally purchased. Do not exceed the maximum load stated per WINBAG® MINI for any job even when using more WINBAG® MINI at the same time. Local building regulations and any other relevant laws must be followed when using WINBAG® MINI.
